

25.09.2015  
(15) LC-R-18 final  
Programme

**FEFAC/ASSALZOO WORKSHOP ON NEW FEED PROTEIN SOURCES  
HOW TO SECURE EFFECTIVE RISK ANALYSIS?**

**9 October 2015**  
**Universita cattolica del Sacro Cuore**  
**Via Emilia Parmense, 84**  
**Piacenza (Italy)**

**9.00 hrs – 16.00 hrs**

**9.00 – 10.15 hrs: SESSION 1: SETTING THE SCENE**

- Welcome address (Alberto Allodi – ASSALZOO/FEFAC)
- [Meeting the feed protein demand - Possible solutions \(Marinus van Krimpen – Wageningen University\)](#)
- [What can EU Institutions do to allow and promote sustainable and safe use of new protein sources? \(Marta Ponghellini – EU Commission\)](#)
- Question time

**10.15 – 10.45 hrs: Coffee break**

**10.45 – 12.45 hrs: SESSION 2: PROMISES AND CHALLENGES**

- [Proteins of animal origin: example of insects \(Elaine Fitches - Proteinsects\)](#)
- [Proteins of marine origin: example of krill and algae \(Enrico Bachis – IFFO\)](#)
- [Proteins of bacterial origin: bioproteins \(Philippe Tacon - Phileo\)](#)
- Panel discussion (moderated by Umberto Luzzana)

**12.45 – 13.45 hrs: Lunch**

**13.45 – 15.45 hrs: SESSION 3: NUTRITIONAL BENEFITS AND RISK CHARACTERISATION**

- [Hazards associated with feed safety - Outcome of the 2015 FAO/WHO Expert Meeting \(Daniela Battaglia – FAO\)](#)
- [EFSA's "Risk profile of insects as food and feed" - \(Tilemachos Goumperis - EFSA\)](#)
- [Risk/benefit analysis for new protein sources – a compound feed manufacturer perspective \(Angela Booth – AB AGRI\)](#)
- Panel discussion (with speakers of session 3, M. Ponghellini and [Antoine Hubert](#) (IPIFF)) (moderated by Lea Pallaroni - Assalzoo)

**15.45 – 16.00 hrs: CONCLUSIONS (Peter Radewahn - FEFAC)**
