Föreningen Foder och Spannmål (Feed and Grain Association) is a Swedish organisation of companies producing and selling agricultural supplies such as grain, feed, seeds, fertilisers and plant protectants. The association in its modern form was founded in 1981 by a merge of Swedish Grain Merchants (founded in 1911) and Swedish Feed Manufacturers (founded in 1905).

The main purpose is to represent and promote views and interests of the members in Swedish and EU institutions and to support members with relevant information. The association has about 60 member companies with a total turnover of approx 2.8 billion SEK.
